# Barn Buddies Rescue On-Going Mission

I would like to remind everyone that THE FARM and BARN BUDDIES RESCUE is primarily a place where injured, abused and neglected animals come to be rehabilitated and spend their lives in peace....some stay with us and some are moved on to wonderful homes. When you visit the animals, please be aware that they may have just arrived and may be in poor shape... we are not neglecting them...Some will never be perfect and they may limp, have missing limbs, blindness, skin problems, swollen joints and many other issues that we feel have had as much care as our veterinary and volunteers can offer; but, they may always have some ongoing issues...we hope to allow them to live a pain free, safe, comfortable life here at BARN BUDDIES RESCUE. So if you see an animal that needs our attention, please ask for the history of that animal and know that we are doing everything possible to give it the care that it needs; but, please feel free to let us know if you are concerned or have questions. Thank you to everyone for your support and understanding regarding what we do for the animals.

## Animal Update Harley

Look at the difference in  
Harley from 4-12-17 till  
today, 7-2-17...Less than  
90 days ...He has come a  
long way in a short time.

## We are the Original LAS VEGAS FARM!

We opened to the public in 1961! Much longer than any orchard, farm or sanctuary in Las Vegas. We are so very grateful for everyone's support and continued appreciation for what we do for the animals within our care.

Gratefully, Sharon & Glenn

Note: We are not associated with the Gilcrease Company.

## BARN BUDDIES RESCUE 501(c)3 Needs Volunteers!!!

One of the things BARN BUDDIES RESCUE needs most is a continuous flow of adult volunteers. This is a large property with lots of rescued animals. Teens 15-18 are considered on a case-by-case basis.

Were it not for our volunteers, we simply would not be able to keep up with everything that needs to be done. So we ask you to consider coming out on any day but Monday to lend a hand for a couple of hours or all day. There are many tasks to keep this place ship shape and not all require interaction with the animals. We're sure to find a job that is suited to your time and talents.

Just give us a call at (702) 982-8000 and let us know you are coming and we will be quite glad to have you help us and the animals.

Please wear long pants, closed-toed shoes, and a shirt with sleeves. A hat and water bottle are highly recommended.

We could sure use and would very much appreciate your help. Hope to see you soon.

Thank you in advance,  
Farmer Sharon

## Calling All Gardeners!

We are saving our feed sacks and re-filling them with "COMPOSTED CHICKEN MANURE"

\$15 per bag...the best for the garden and landscape.

The idea of "THE \$5 CLUB" is very simple. We believe that valley residents have a very huge heart and we look forward to everyone's participation. This donation campaign will help us feed the abandoned, injured and neglected farm animals at BARN BUDDIES RESCUE.

Your monthly recurring donation will enable us to continue to do what we do to feed and care for the animals This is less than one trip to your favorite coffee bar.

We hope to secure a minimum of 1,000 club members which will assist to cover our monthly food bill expenses. Your recurring donation will be a tremendous blessing. Can you help? <http://thelasvegasfarm.com/the-5-club/>

If you are hoping for the best possible allergy assistance... start early with our true local honey before the season begins.
